

# Academic Eligibility/Standing

Your academic status is good if you have obtained a cumulative GPA of 2.0 or above. You are required to maintain a minimum, cumulative, overall GPA of 2.0 to stay in school or GPA of 2.0 in order to maintain your tertiary grant. When your GPA drops below 2.0, you have essentially placed a huge speed bump on your own path to graduation. If you get into this situation, remember we are here to help you!! Those who fail to meet these criteria are placed in one of three other categories, depending on the current semester grades and their status at the end of the previous semester.
