

Schedules of Classes

The Institute publishes three credit schedules of classes—fall, spring, and summer—each year. Each schedule contains lists of courses being offered, the official academic calendar, the final examination schedule, and a variety of other important dates and deadlines that are not published anywhere else. The schedule is available online prior to the start of registration. Limited numbers of printed schedules are available upon request. Students wishing to receive individual schedule of their classes may obtain it from Populi.
