

# Resit

If a student receives a "D" or "C-" in the **final examination** which results in them receiving an overall failing grade for a course, they are eligible to resit the **final examination**. Students resitting a final examination can not receive a grade higher than a "C". The course grade is recalculated and the semester and cumulative grade point averages will be recalculated as a result if a resit. Request for a resit must be made via the Resit Examination Form and applicable fees must be paid.
