

Registration

Students are required to register at the beginning of each semester. Registration is not completed until all tuition and fees are paid to the college. Deadlines for registration are published on the college's academic calendar. If a student has a query regarding registration they should contact the Registrar's Office. Students are not allowed to attend classes for which they are not properly registered. BAMSI reserves the right to not register an individual for a course even if he/she has been attending the course.
